EXECUTIVE SUMMARY

Motivated Software Engineering undergraduate with hands-on experience in full-stack development across Java, C#, JavaScript, SQL, and Firebase. Proficient in OOP, MVC architecture, and Git-based collaborative workflows, with practical exposure to React, Firebase, and Microsoft Azure through academic and project implementations. Demonstrates strong problem-solving capabilities, adaptability to emerging technologies, and a commitment to delivering effective software solutions within team-driven environments.

EXPERIENCE

Automation & Data Operations Intern - Jaffna

Digit Webs Lanka

- Designed and implemented workflow automations using n8n to reduce manual processes
- Created and configured AI agents within automation workflows
- Fetched and processed data from external APIs and stored structured data in Google Sheets
- Automated data calculations and transformations using Google Apps Script
- Built end-to-end automation pipelines integrating APIs, Google Sheets, and scripts
- Gained hands-on experience in workflow optimization, automation logic, and data handling

Technical Skills Learned

- n8n Workflow Automation
- API Integration & Data Fetching
- Google Apps Script
- Google Sheets Automation
- AI Agent Configuration
- Process Automation

EDUCATION

BSc (Hons) in Information Technology – Software Engineering

SLIIT | October 2023 - Present

Cumulative GPA 3.47 (Dean List)

Relevant Coursework: OOP, Structured Programming, Software Engineering, Web and Mobile Application Development, Database Management Systems, Data Structures and Algorithms, Operating Systems, Computer Networks, Cloud Computing, Software Design Patterns, Intelligent Systems, UI/UX Engineering, Data & Network Security.

G.C.E. Advanced Level (Physical Science Stream)

Jaffna Hindu Ladies' College | Aug 2022

G.C.E Ordinary Level

Jaffna Hindu Ladies' College | December 2019

PROJECTS

LegalAid Sri Lanka – ECourt Scheduler (MERN Stack) | Aug 2025 – Oct 2025

- Developed a full-stack web app for online court hearing registration with authentication.
- Used React, Node.js/Express, and MongoDB for a responsive and secure system.
- Collaborated in a team using Git and Agile development practices.

Henna Appointment Booking System (React & Firebase) | Sep 2024 – Jan 2025

- Built a responsive Single Page Application (SPA) using React.
- Integrated Firebase for real-time data storage and authentication.

Hospital Management System (Java & MySQL) | Feb 2025 – May 2025

Desktop application covering patient registration, appointments, and billing.
Applied Java OOP principles and MVC architecture for maintainability.

Wellness Mobile App (Android Studio, Kotlin) | Aug 2025 – Oct 2025

Created an Android app for daily wellness tracking (habits, mood, hydration).
Used Fragments, SharedPreferences, and Notifications for user interactivity.

CERTIFICATIONS

Microsoft AZ-900 – Azure Fundamentals

Validated understanding of core cloud concepts, Azure services, security, privacy, compliance, and pricing.

React Certification

Developed a responsive Single Page Application (SPA) using React, implementing Firebase for real-time data and authentication. Designed reusable, scalable components to enhance performance and maintainability.

SKILLS

Self-motivated and positive

Detail-focused, works well under pressure

Strong team and independent skills

Analytical problem solver

Fast learner, tech-driven

HACKATHON & COMPETITION

- CODEFEST 2024 – National Software Competition (April 2025)
- Mini Hackathon 2024 – (Aug – Oct 2024)

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

- School Prefect – Jaffna Hindu Ladies' College (2021–2022)
- President – IT Union – Jaffna Hindu Ladies' College
- Vice President – English Union – Jaffna Hindu Ladies' College
